Regarding: Comments on the Proposed Healthy Ohio 1115 Medicaid Waiver

To The Honorable Secretary Sylvia Burwell:

I oppose the "Healthy Ohio" Medicaid Waiver because the proposed changes will make health care unaffordable, complicated, and challenging for me and the over one million other Ohioans on Medicaid. This proposal would hurt the recent progress Ohio has made in increasing access to quality health care.

My current Medicaid coverage allows me to receive much needed high quality primary health care at Neighborhood Family Practice, a community health center in Cleveland. I know I have a health care provider that I can see on a regular basis and who can help me maintain my health. Under "Healthy Ohio" if I can't afford to pay my premium, I will lose my health coverage which means I won't be able to receive the health care I need.

I know that I am not the only one in this situation and I urge the Center for Medicare and Medicaid Services to reject Ohio's "Healthy Ohio" Waiver request.

Respectfully,
